Abe Fellowship Program for International Miltidisciplinary Research, 2018

[Facebook](#)[WhatsApp](#)[Twitter](#)[LinkedIn](#)[Email](#)

[Sponsored Links](#)

The Social Science Research Council (SSRC) and the **Japan** Foundation Center for Global Partnership (CGP) are inviting applications for the Abe Fellowship program. The fellowship is awarded to the citizens of the United States and Japan as well as to nationals of other countries to pursue **research** in the social sciences and related disciplines.

The Abe Fellowship is designed to encourage international multidisciplinary research on topics of pressing global concern.

The Social Science Research Council is an independent, international, nonprofit organisation founded in 1923. Governed by a board of directors, it fosters innovative research, nurtures new generations of social scientists, deepens how inquiry is practised within and across disciplines and mobilises necessary knowledge on important public issues.

The candidate should have a very good command over the English language.

Course Level: Fellowship is available to undertake research programme at an American or Japanese institution.

Study Subject(s): Fellowship is awarded for international multidisciplinary research on topics of pressing global concern. Applicants are invited to submit proposals for research in the social sciences and related disciplines relevant to any one or any combination of the four themes below. The themes are:

- [Threats to Personal, Societal, and International Security](#)
- [Growth and Sustainable Development](#)
- [Social, Scientific, and Cultural Trends and Transformations](#)
- [Governance, Empowerment, and Participation](#)

Scholarship Award: The amount of the Abe Fellowship is not fixed. It varies widely, depending on the details of the research plan and on whether the award includes salary replacement.

Scholarship can be taken at Anywhere in the world. USA and Japan (Members of the American research community must spend at least one-third of the fellowship tenure in Japan. Members of the Japanese research community must spend at least one-third of the fellowship tenure in the U.S.)

Eligibility:

- This competition is open to citizens of the United States and Japan as well as to nationals of other countries who can demonstrate strong and serious long-term affiliations with research communities in Japan or the United States.
- Applicants must hold a PhD or the terminal degree in their field, or have attained an equivalent level of professional experience at the time of application.
- Previous language training is not a prerequisite for this fellowship. However, if the research project requires language ability, the applicant should provide evidence of adequate proficiency to complete the project.
- Applications from researchers in professions other than academia are encouraged with the expectation that the product of the fellowship will contribute to the wider body of knowledge on the topic specified.
- Projects proposing to address key policy issues or seeking to develop a concrete policy proposal must reflect nonpartisan positions.

Please note: Past recipients of the Abe Fellowship are ineligible. You may hold only one fellowship sponsored by the Japan Foundation, which includes the Abe Fellowship, during any one Japanese fiscal year, which runs from April 1 through March 31. Current recipients of a Japan Foundation Fellowship and those who will commence that fellowship by March 31, 2017, are ineligible to apply for an Abe Fellowship in 2016. Fellowship awards are contingent upon receipt of funding from the Japan Foundation Center for Global Partnership.

Nationality: This competition is open to citizens of the United States and Japan as well as to nationals of other countries who can demonstrate strong and serious long-term affiliations with research communities in Japan or the United States.

College Admission Requirement

Entrance Requirement: Applicants must hold a PhD or the terminal degree in their field, or have attained an equivalent level of professional experience at the time of application.

Test Requirement: No

English Language Requirement: The candidate should have a very good command over the English language.
